

Grade **UI-100**

SEM-VIEW

Chemical Analysis (%)

Fe	≥98.0
C	≤0.015
N	≤0.01
O	≤0.80
Al ₂ O ₃ , MgO, MnO, CaO, NaO, SiO ₂ ≤0.60	

Physical Properties

	D10	7.0
Particle Size Distribution (μ m)	D50	43.0
	D90	96.0
Apparent Density (g/cm ³)	0.8	
Tap Density (g/cm ³)	1.5	

Standard Packing (kg / barrel): 25

Packing:

Vacuum and foil bag filled with protective gas sealed and packed in iron drum.

Storage:

Store in room temperature and dry environment;
 Avoid high humidity and high temperature;
 Use immediately after opening the inner bag.

Note: The data contained in this manual are based on our current knowledge and experience. The users should not use the data we provide directly without their own tests. Any descriptions, drawings, photographs, data, proportions, weights etc. given contractual quality of the product.
